

Comfort and Quality You Deserve

Garment and Linen Rental Services

About *HealthAssure*[®] by AlSCO

HealthAssure[®] by AlSCO is more than a garment and linen laundry service. We offer you the highest-quality products and services backed by more than 125 years of experience in the industry.

We employ a **three-tier processing system** that meets all the safety guidelines established by the Centers for Disease Control (CDC), Occupational Safety and Health Administration (OSHA), and The Joint Commission.

Right Time ensures that garments and linens are washed to meet strict healthcare standards and remove contaminants.

Right Temperature eliminates bacteria and spores.

Right Treatment means proper handling of garments and linens with appropriately applied chemicals and detergents. Garments are professionally finished and custom wrapped to meet our customers' needs.

Our Green Approach

We're constantly seeking smarter processes that are better for the earth. For example, our state-of-the-art water systems use about 50% less water and 30% less chemicals. Our energy-efficient plants use far less energy than home laundering in smaller machines, and our textiles are reusable for less of an impact on landfills.

When you choose Alasco® reusable products, you're helping your facility become "greener". Since many consumers select companies based on the ecological footprint they leave behind, you know by partnering with our green efforts that you're making a wise choice for both your business and the environment.

Scrubs

Designed for Comfort and Performance

Made from a cotton-like, 100% synthetic fabric, this soft, reversible top coordinates perfectly with other *HealthAssure*® products, giving you versatile options. It won't fade or shrink, and offers unique benefits like moisture-wicking and helps odor control.

Linens

Genesis Spread Blanket

This cozy blanket for bed or chair offers maximum comfort and protection from the cold. Featuring a sleek cotton/poly blend that minimizes snagging, it reduces the possibility of patients getting IVs or other items caught in blanket threads.

- Measures 74" x 100"
- 60% cotton/40% poly blend

A. 6374000200W

A.

B.

Cotton Thermal Blanket

With stabilizing bars to control shrinkage, this leno weave blanket provides the ultimate in heat and comfort. It is also designed to withstand repeated commercial launderings, which adds extra value.

- Measures 66" x 90"
- 100% cotton

B. 6366900206

C.

Bath Blanket

Excellent for sponge baths, this lightweight multi-use blanket is a great economical choice. Snag-free design.

- Measures 70" x 90"
- 100% cotton

C. 6170900100

D.

Underpad

The top layer quickly wicks fluid and moves it to the absorbent inner core of this durable underpad. The bottom layer helps hold the pad in place to prevent bunching and rolling.

- Measures 34" x 36"
- 7 oz. 95% poly/5% rayon soaker
- 80% cotton/20% poly facing

D. 6230400201

Linens
